## SCHOOL ROUTINE STARTED

New Pupils Continue to Enroll Today and Get Down to Work

## ATTENDANCE IS LARGE

Increases Noted--High School Enrollment to Date Totals 226

Regular routine work of the classes was begun in the Charleroi schools this morning and the pupils are getting down to work. New pupils have continued to enroll all day, and it is expected that they will continue to come in throughout the month. Some will not enroll until the second period which is the last two weeks of September.

The enrollment in the high school Monday was 226. Of this number 126 are freshmen. The enrollment in the high school last year was about 175. The entire high school two years ago did not number as many as this year's freshmen class.

The entire enrollment in the Charleroi schools Monday was about 2,000. This number is declared to be far short of what the attendance will be when all the pupils are enrolled. Last year there was an average enrollment of 2,000 for the year.

## ELDORA PARK HAS NUMEROUS EVENTS FOR THIS WEEK

Two private dances will be given this week at Eldora park. In addition to these there will be a Sunday school picnic held by the First Presbyterian Sunday school, of Monessen, a dance given by J. A. Weber, of Finleyville, and a dance given by the American Federation of Musicians local No. 592, of Charleroi.

The first private dance will be that tonight given by the Order of the Eastern Star chapter of Donora. It will be an event of some degree of elaborateness. Tomorrow night the Knights of Columbus councils of Charleroi and Monessen will hold a dance and euchre.

The Sunday school picnic will occur on Tuesday. Weber's dance will take place on Friday evening. The musicians dance will take place on Thursday night, when a 20 piece orchestra will play.

The biggest event of the closing days of the park, as well as one of the biggest affairs in the history of the park this season or any other will be that of the Labor day events there on next Monday. Men who are politically prominent and men who are labor leaders will visit there on that day and speak. Among them will be Gifford Pinchot, candidate for U. S. Senator; Congressman Henry W. Temple, ex-Lieutenant W. M. Brown of New Castle; John W. Stewart of Greene county, Judge R. W. Irwin, of Washington; Hugh McLaughlin of Monongahela; Percy Telow of Ohio and Captain James Clark, of Ohio, a survivor of the Civil war

## POLICE COURT RECORDS BROKEN

Eighty Arrests Made During August and Borough Profits Much From Fines

## AMOUNT TAKEN IN \$180

August was a banner month in police circles. During the month there were 80 arrests. Of these 36 were discharged with a warning and reprimand by Burgess S. L. Woodward. One has not yet been disposed of and the remainder were fined.

The amount of fines assessed for the month was \$189.60. Of this sum \$185.60 was collected. Two prisoners served time. The borough will receive a check from Burgess Woodward for \$185.06. This is a record breaker.

## PARISIANS ARE READY

Miss Mountsier Describes Preparations for War

## RECENTLY RETURNED

French people have realized the seriousness of the conditions abroad from the beginning of the turmoil now enveloping Europe, according to Miss Mabel Mountsier, daughter of Mr. and Mrs. A. R. Mountsier, who has just returned from Paris. Miss Mountsier, who is a teacher in Miss Jacob's school in New York city, spent the summer in Paris studying the French language and literature and was enabled to observe conditions. She says the French people as a whole are not excited, and are entirely in earnest in their hasty preparations for war. They well realize the war will be a conflict to the finish.

Miss Mountsier left Paris about a week after the declaration of war by Germany. She departed there on August 7 and sailed for New York from Havre on the steamship Chicago on August 15. An interesting fact that she mentions is that passengers on this vessel had to wait from August 8 until August 15 for orders from the minister of the navy. Practically the same conditions applied to the La France, which sailed from Havre on August 15.

The war declaration was met by the French people with an admirable spirit, says Miss Mountsier. Everything was quiet. Not a moment was wasted. Immediately Paris was placed under military rule. Lights were not permitted after eight o'clock at night. People were required to be careful of light and fuel. The milk supply for common consumption was shortened that babies might have sufficient and that the armies might be supplied with whatever necessary.

The little time consumed in completely reorganizing the country and putting it on a war basis, was remarkable, Miss Mountsier relates. When war was declared it was but a moment, it seemed, until the underground railways were under military

## HOW TO SEAT 47 IN ROOM WITH 35 SEATS MATHEMATICAL FEAT

Principal S. R. Grimm, of High School, Up Against Peculiar Problem--Large Freshman Class the Cause

How to seat 47 pupils in a room where there are but 35 seats is the kind of mathematical problem that S. R. Grimm, principal of high school is trying to figure out. The first day of school revealed to him possibilities in mathematics that have never yet been put in text books.

Precisely 126 pupils reported in the freshman class on Monday. Right here the difficulties arose. There is enough room to accommodate them in their study classes, but where Principal Grimm and his faculty find themselves up against the real thing is in providing room for classes. There are eight teachers in high school. With another teacher the difficulty might be solved, but then there might be some wasted effort somewhere, simply from the reason that the freshman class is the only place where the trouble occurs.

Nine rooms are used for high school. Two virtually are laboratory rooms, or to be precise, one is a laboratory room and the other is a study room.

## CALIFORNIA NORMAL STARTS TERM WITH A BIG ENROLLMENT

Approximately 500 Students Present at Opening on Monday--New Teachers Employed Because of Extra Work--One in Germany

With an exceptionally large enrollment the Southwestern State Normal school at California, opened Monday, all but one of the teachers being present. Miss Sarah Bauman, the German teacher is still in Germany unable to return to this country. Miss Ruth Barnum of California is substituting until such time as Miss Bauman can return and assume her duties.

All departments of the school have more students than at the opening of any previous year. There were about 550 enrolled Monday. This is more than 100 in excess of any previous year for the same time. The number of traveling students is large.

The normal is better prepared than ever to take care of its students. Several new teachers have been procured, who are fully competent to handle the large amount of labor that is placed upon them by the increased enrollment. Many improvements have been made in the buildings and surroundings, which add much to the comfort of the students.

## ST. LOUIS TO PLAY PIRATES ON LABOR DAY

Labor day, the last big holiday of the baseball season, falls on Monday, September 7 this year, and the St. Louis Cardinals is the club scheduled to clash with the Pirates at Forbes Field in the two games to be played that day, the morning event to begin at 10:30, while the second contest will start at 3 o'clock. Time was when the arrival of the Cardinals created no particular stir in baseball circles, their coming and going being a matter of little moment, but this year the erstwhile lowly Missourians have proven the surprise of ball-dom, and along with Boston has upset the dope bucket completely, for instead of taking their customary position in the second division, the St. Louis hustlers have fought their way steadily upward until they are now one of the strongest contenders for the 1914 flag.

Running practically neck and neck with New York, Boston and Chicago for the lead all so closely bunched that a game won or lost means the less of the lead temporarily, the Cardinals have caused the entire baseball world to set up and take notice. At the pace the St. Louisians are going

## ACCUSED MAN POINTED OUT BY MERE BOY

Nine-year-old Patsy Robb, accompanying state troops on a tour of Hazelkirk houses Monday pointed out Tony Balesandro as the man that slew Servirreno Cicci in front of the John Grollick store, at that place Sunday evening.

John Coldel, who is in the Monongahela hospital and may die as a result of wounds he received about the same time Cicci was slain has made a deposition to Alderman R. L. Elwood of Monongahela. What charges he made have not been made public.

Coroner James T. Heffran has made arrangements for holding the inquest today. The deposition will be made public then. Patsy Robb has been placed in one of the Monongahela hotels and close guard is being kept that no one communicate with him before the inquest.

## "A PARADISE LOST" AT STAR THEATRE TODAY

"A Paradise Lost" is the featuring attraction at the Star theatre today. This is an absorbing photoplay in four parts featuring the distinguished actress, Miss Betty Nauseen. "The Widow's Mite," is another picture that is being shown.

## BASEBALL FIGHT ONE TO FINISH

Charleroi Chasing Fayette City in the Monongahela Valley League

## SEASON TO CLOSE SOON

The fight in the Monongahela valley league has narrowed down until only two teams are concerned in the race for the pennant, Fayette City and Charleroi. The other teams are only considered with respect as to the effect they have upon the standing of these teams. Charleroi has lost two games more than Fayette City but they have also played two games more than the Fayette Citizens.

It is believed that Charleroi still has a chance to win, and no effort will be made to place the remainder of the games on the winning side of the ledger. Belle Vernon and Fayette City play today.

## WILL HOLD A BENEFIT

Work for Tuberculosis Patients Being Taken Up Locally

## TENT BEING PREPARED

Arrangements are being made for a benefit for the tuberculosis tent at the Charleroi-Monessen hospital grounds, to be held on Monday evening, September 7, at the Star theatre. Miss Marie Watson of Monessen, who is in charge there of the tuberculosis dispensary, is generally directing affairs. The purpose of the local benefit will be to provide money for the purchase of linen for the tent and to finish and properly equip.

Miss Watson states: "An estimate furnished by John D. Berryman totaled \$79. This includes four pairs of blankets for four beds, four pairs of pillow cases, four sheets, four towels, 16 face towels and 16 bath towels. Four tables and two cure chairs are needed. There have been two patients in the tent all summer. One has gained 17 pounds and the other 6 1-2 pounds."

Contributions have been received from a number of local orders and individuals. Money and supplies have been given. A floor has been laid for the tent through donation and miscellaneous linen has been offered.

## Great Special At Star.

## TELLS OF HER TRIP IN EUROPE

Miss Muriel Scott Arrives Home After Interesting Experiences

## WAS IN THE WAR ZONE

With University Travel Study Club Makes Hurried Exit From Germany

Modification of troops, pathetic leave taking by families of their soldier boys, hard experiences of travel and incidents connected with the terrific conflict abroad were among the things noticed by Miss Muriel Scott, of Charleroi, who returned Monday night after a ten weeks' tour of Europe. Miss Scott traveled with the University Study club, of Syracuse, N. Y., of which Prof. A. C. Flick was the head. It was largely due to his knowledge of the country and knowledge of the people that enabled the members of the party to get away from the war zone as easily as they did.

War was declared in Germany August 1, the party of which Miss Scott was a member being in Cologne. Previous to this time an undercurrent of unrest had been noticed by the tourists. At Meintz there had been riotous conduct and a show of great enthusiasm by students and others who thronged the streets until late at night singing the German national air. At Cologne soldiers were seen gathering and the war clouds were easily recognizable.

The party, according to Miss Scott who related a delightful story of her travels, did not remain long in Cologne, owing to the approaching crisis, but engaged passage by train direct to Amsterdam, Holland. Ordinarily this would be a brief trip, but numerous stops were made necessary because of the close guarding of the railway line. It consumed over one night. Passengers could get no sleep and nothing to eat. One teacher, greatly frightened became imbued with the idea that tourists would have to walk at the frontier--that the train would not cross. This proved to be a mistake, but the customs examination was severe. Male tourists especially were rigidly searched. The members of the party had been warned on their trip up the Rhine to beware of the use of the camera.

On the way to Amsterdam stops had to be made at nearly all bridges. Guards would search the train. At one bridge it was reported that mines of dynamite had been planted underneath and the tourists crowding the train were in a frenzy of fear until it was safely passed. As a matter of fact the bridge was blown up just two days after.

Difficulty was experienced in getting money, and it required the exercise of all the ingenuity and knowledge of the country possessed by Prof. Flick to keep his party safe. In Amsterdam it was a hard task to secure hotel room. At this point a young American of 22 years was practically stranded. Cook's coupons, on which he had been traveling would not be accepted. He was the most distressed person imaginable. "Believe me," he informed

### CAMPAIGN NOW ON.

The Republican campaign in Pen-  
sylvania has been formally opened  
and from this date until the date of  
the November election the fires of en-  
thusiasm and confidence will burn  
vigorously in every section of this  
great state.

The opening of the campaign at  
Pittsburg on Wednesday last pro-  
claimed to every voter the determina-  
tion of the Republican party to re-  
store to Pennsylvania and the nation  
the policies and principles of Repub-  
licanism and to do away forever with  
the blighting incompetence of De-  
mocracy and the ridiculous theories  
from which the entire country has  
been suffering since Democracy was  
elevated to power.

There was no hide-and-seek per-  
formances at the Pittsburg meeting  
of the Republican state committee at  
which the campaign was opened. Re-  
publican leaders and workers from  
every part of the state were present  
and had a part in planning for an  
overwhelming victory in the fall. The  
party platform, unanimously adopted  
and upon which the party's candidates  
will stand, is sensible, practicable and  
promises relief from the blight put  
upon this state by the Democrats. It  
deals directly and with encouraging  
force upon the vital question of the  
tariff and pledges relief not only to  
the wage earner but to the wage  
payer, both classes having been dis-  
tressed and distributed by the near  
free-trade policy of the Democratic  
party in this state and the nation.

The party's candidates were re-  
ceived with unbounded enthusiasm at  
the meeting of the state committee  
at which the party's platform was ad-  
opted. Senator Penrose discussed na-  
tional issues and charmed his hearers,  
while Dr. Martin G. Brumbaugh, the  
noted educator and Republican candi-  
date for governor devoted his speech  
to conditions in his state. His past  
performances were again declared to  
be his platform and he convinced  
every one within the reach of his voice  
of his sincerity and his confidence in  
the people. Frank B. McClain the can-  
didate for lieutenant governor, raised  
Democratic insincerity and incompe-  
tency and provoked much enthusiasm.

The Republicans of Pennsylvania  
never entered upon a campaign with  
more enthusiasm and with higher  
hopes of an overwhelming victory at  
the polls.

### SCHOOL DAYS.

Immediately following the return of  
children to school, proclaims Dr.  
Samuel G. Dixon, state commissioner  
of health, measles, diphtheria, scarlet  
fever and certain other communicable  
diseases, which reach their lowest  
ebb during the vacation period will in-  
crease by leaps and bounds.

The result will be disease and death  
for the children and more or less dis-  
organization in the schools.

The responsibility for the spread  
of much of the contagion rests with  
the parents. Unfortunately in many  
homes a cold or sore throat is not con-  
sidered a sufficient excuse for keep-  
ing a child at home yet these are the  
preliminary symptoms of a number of  
the diseases of childhood. When John-  
ny or Jane has a cold or a sore throat  
they should remain at home and have

it cared for. If, as often proves to be  
the case, it is the first stage of scarlet  
fever or diphtheria this may be of vi-  
tal importance.

Even if it is a more simple malady  
a safe care and prompt treatment  
illness. The child with a cold or  
sore throat who comes in contact  
with a source of infection is in an  
ideal condition to contract disease. So  
primarily for their own protection  
the welfare and secondarily for the  
protection of the other children they  
should be kept at home.

Many mis-guided parents apparently  
feel that they are doing their child-  
ren a great wrong in permitting  
them to stay out of school on account  
of what they consider minor ailments.

Regularity of attendance may have  
a certain importance but it is not  
worthy of consideration when bal-  
anced against health. The parents  
must that "our children never miss a  
day at school" means that in many  
instances they have been forced to go  
when they would have been better off  
at home. No one questions the value  
of that portion of our education ac-  
quired through schooling but the good  
health of the child is the basis upon  
which rests the future of the man and  
woman and it should not be jeopardized  
for a few hours or days of school  
work.

## ELECTRIC SPARKS

Position is much in advertising and  
war.

It is a comparatively difficult task  
to find an innocent bystander today  
in Europe.

Pittsburg has a marine band which  
is the nearest to saltwater it ever  
gets.

How do the schools ever expect to  
keep up to date on European geo-  
graphy.

Charleroi, Belgium, is not the only  
Charleroi where there is fighting.  
Charleroi, Pa., and Fayette City are  
at war.

Complaints have been heard about  
milk souring quickly, and dairymen  
say it might be caused by thunder. They  
evidently mean thunder in Europe.

The chief trouble is that we find it  
an absolute impossibility to keep our  
pennies mobilized and dollars there-  
fore refuse to take care of them-  
selves.

But What About the War?  
Dairymen along the Monongahela  
announce a raise in prices in effect on  
September 1 "because of the shortage  
of grass." As a matter of fact no  
season for years has shown such fine  
pasture at this stage of the year.  
And haven't the dairymen the ad-  
vantage of the river right at hand?

## PICKED UP IN PASSING

"Speaking about interesting sights,  
did you ever visit the mint?" inquired  
a Charleroi man recently back from  
the east.

"This thing of making money is de-  
cidedly interesting anyway you take  
it. You know that. We work our  
heads off to make a few dollars a  
week. Out at Philadelphia, or any  
other point where they have a mint,  
they make money with scarcely any  
effort at all. With them it's purely a  
mechanical process. That too is very  
generally known.

"I stood and watched the bright  
shiny coins issuing in great streams  
from those mechanical devices. It  
bore a wonderful fascination for me.  
I asked the man in charge a lot of  
questions and he answered them.  
"Then I wanted him to let me hold  
my hat under one of the machines for  
a minute, but he wouldn't do it. He  
was a mean sort of cuss. The best  
he would do was to exchange a few  
old coins and a new penny with me for  
old coins.

A New York committee has found  
out what is the matter and tells us  
plainly what we must do in order to  
live. The committee says:  
"As a result of the situation creat-  
ed by the war Americans may be-  
come educated to live and thrive on  
smaller quantities of food, as other  
leading nations do. It does not believe  
open city markets will be permanent-  
ly useful in reducing the cost to the  
consumer unless established together  
with transportation facilities reaching  
back into the country districts.

"The increase in prices is attribut-  
ed to four factors: The present anti-  
cipatory demand for our com-  
modities for future shipment,  
heavy buying of household supplies by  
business against future needs;  
holding back by the producer and  
heavy stocking up by city and village  
storekeepers."

## Weak Lungs Often Lead to Serious Illness

If you have weak lungs, you are gen-

## PROPOSED AMENDMENTS TO THE CONSTITUTION OF THE COMMONWEALTH OF PENNSYLVANIA

Number One

### A JOINT RESOLUTION

Proposing an amendment to section one  
of article nine of the Constitution of the  
Commonwealth.

Section 1. Be it resolved by the Senate  
and House of Representatives of the Com-  
monwealth of Pennsylvania in General  
Assembly met, That the following amend-  
ment be and it is hereby enacted by the  
Legislature of the Commonwealth, in ac-  
cordance with the provisions of the eight-  
eenth article thereof:

"Section 1. Every citizen, male of twenty-  
one years of age, possessing the follow-  
ing qualifications, shall be entitled to vote at  
all elections, subject, however, to such  
laws regulating and regulating the registra-  
tion of electors as the General Assembly  
may enact:

"First. He shall have been a citizen of  
the United States at least one month.  
"Second. He shall have resided in the  
State one year (or, having previously  
been a qualified elector or native-born citi-  
zen of the State, he shall have resided  
therefor and returned, then six months)  
immediately preceding the election.

"Third. He shall have resided in the  
election district where he shall offer to  
vote at least two months immediately  
preceding the election.

"Fourth. If twenty-two years of age and  
upwards, he shall have paid within  
two years a State or county tax, which  
shall have been assessed at least two  
months and paid at least one month be-  
fore the election."

Section 1. Every citizen, male of twenty-  
one years of age, possessing the follow-  
ing qualifications, shall be entitled to vote at  
all elections, subject, however, to such  
laws regulating and regulating the registra-  
tion of electors as the General Assembly

upwards, he or she shall have paid within  
two years a State or county tax, which  
shall have been assessed at least two  
months and paid at least one month be-  
fore the election.

"Fifth. Whenever the words 'he', 'his',  
'him', and 'himself' occur in any sec-  
tion of article VIII of this Constitution  
the same shall be construed as if written,  
respectively, 'he or she', 'his or her',  
'him or her', and 'himself or herself'.

Proposing an amendment to section eight  
of article nine of the Constitution of the  
Commonwealth.

Section 1. Be it resolved by the Senate  
and House of Representatives of the Com-  
monwealth of Pennsylvania in General  
Assembly met, That the following amend-  
ment be and it is hereby enacted by the  
Legislature of the Commonwealth, in ac-  
cordance with the provisions of the eight-  
eenth article thereof:

"Amend section eight, article nine of the  
Constitution of the Commonwealth of  
Pennsylvania, which reads as follows:  
"Section 8. The debt of any county,  
city, borough, township, school district  
or other municipality or incorporated dis-  
trict, shall not exceed seven per centum  
upon the assessed value of the taxable prop-  
erty therein, nor shall any such municipali-  
ty or district incur any new debt, or in-  
crease its indebtedness to an amount ex-  
ceeding two per centum upon such as-  
sessed valuation of property, without the  
assent of the electors thereof at a public  
election, in such manner as shall be pro-  
vided by law, but any city, the debt of  
which now exceeds seven per centum of  
such assessed valuation, may be author-  
ized by law to increase the same three  
per centum, in the aggregate, at any one  
time, upon such valuation, except that any  
debt hereafter incurred by the city and  
county of Philadelphia for the construc-  
tion and development of subways for  
transit purposes, or for the construc-  
tion of wharves and docks, or for the  
reclamation of land to be used in the  
construction of a system of wharves and  
docks, as public improvements owned or  
controlled by said city and county of  
Philadelphia, and which shall yield to the  
city and county of Philadelphia current  
net revenues in excess of the interest on  
said debt or debts, and of the annual in-  
stallments necessary for the cancellation  
of said debt or debts, may be excluded in  
ascertaining the indebtedness of the city  
and county of Philadelphia to become  
otherwise indebted: Provided, That a sink-  
ing fund for their cancellation shall be  
established and maintained," so that it  
shall read as follows:

"Section 8. The debt of any county,  
city, borough, township, school district  
or other municipality or incorporated dis-  
trict, shall not exceed seven per centum  
upon the assessed value of the taxable prop-

# Tires at Before-War Prices

## Goodyear Prices

It is Foily Today to Pay More

30 x 3 1/2 Plain Tread	\$11.70
30 x 3 1/2 " "	15.75
34 x 4 " "	24.35
36 x 4 1/2 " "	35.60
37 x 5 " "	41.05

There exists now a new, compelling reason for buying Goodyear tires. It results from War Conditions.

These leading tires—built of extra fine rubber, in the same way as always—are selling today at June prices.

You will find today a very wide difference between most tire prices and Goodyear.

### Due to Quick Action

Early in August—when war began—the world's rubber market seemed closed to us. Rubber prices doubled almost over night.

Men could see no way to pay for rubber abroad, and no way to bring it in. We, like others in the panic—were forced to higher prices. But we have since gone back to prices we charged before the war and this is how we did it:

We had men in London and Singapore when the war broke out. The larger part of the world's rubber supply comes through there. We cabled them to buy up the pick of the rubber. They bought—before the advance—1,500,000 pounds of the finest rubber there.

Nearly all this is now on the way to us. And it means practically all of the extra-grade rubber obtainable abroad.

**THE GOODYEAR TIRE & RUBBER COMPANY, Akron, Ohio**

Today we have our own men in Colombo, Singapore and Para. Those are the world's chief sources of rubber. So we are pretty well assured of a constant supply, and our pick of the best that's produced.

We were first on the ground. We were quickest in action. As a result, we shall soon have in storage an almost record supply of this extra grade rubber.

And we paid about June prices.

### New Inferior Grades Cost Double

About the only crude rubber available now for many makers is inferior. In ordinary times, the best tire makers refuse it. Much of it has been rejected. But that "Off Rubber" now sells for much more than we paid for the best.

The results are these:

Tire prices in general are far in advance of Goodyears. And many tire makers, short of supplies, will be forced to use second-grade rubber.

### Be Careful Now

In Goodyears we pledge you, the same-grade tire as always. And that grade won for Goodyear the top place in Tiredom—the largest sale in the world.

And, for the time being, our prices are the same as before the war. We shall try to keep them there.

We accept no excessive orders, but dealers will be kept supplied. And we charge them, until further notice, only antebellum prices.

That means that Goodyears—the best tires built—are selling way below other tires.

### ALL OUT OF THE ORDINARY

Curious Events and Inventions That Have Recently Been Made a Matter of Record.

An English racing automobile at Brooklands burst a tire while running 119 miles an hour, skidded sideways eighty yards, looped three loops backward and brought up in ploughed ground just off the track, with all hands safe.

Twenty men dined at a table set in the fire-box of one of the Reading's new giant locomotives. The space was 13-2x8-5-1.

A horse at a California factory wears close-fitting goggles to protect its eyes from chemical fumes.

Instead of driving a pig to market, Chinese coolies tie it to a pole, cover it with wrappings of straw and marsh-grass and carry it—two bearers to a pole.

Air-bags carried in the Austrian army serve as pontoons and can be paddled like boats.

A North Carolina farmer focused a hidden camera on his prize cantaloupe, in the field, and got a fine picture of a neighbor in the act of lifting the melon.

In an eighty-foot tank in Cincinnati is a merry-go-round to which swimming pupils are attached at the end of hanging ropes. The boys learn the strokes at the teacher's word as they circle.

## LOCAL CASES TO BE HEARD THIS WEEK BY SERVICE COMMISSION

Several cases from Washington county are to be heard at the meeting of the public service commission this week at Harrisburg, among them the complaint of the Findlay Clay Pot company, of Washington, against the B. & O. railroad company, the grade crossings of the Monongahela Southern Traction company in West Brownsville, West Penn Power company case from Monongahela and Pittsburgh and Charleroi company case from Speers, all listed for Wednesday.

### CARNIVAL ALL THIS WEEK AT BENTLEYVILLE

Col. Lagg's shows are at Bentleyville for the entire week. He has three riding devices and ten shows. No admission is being charged to the grounds. The shows are being held under the auspices of the Bentleyville baseball club. Prof. S. Battisto is present with his band. Capt. Floyd Worley makes his death defying leap daily. A large crowd visited the shows Monday night.

### REGISTRARS SITTING TODAY AT THE POLLS

The registrars are sitting at the polling places today in order that those who have not yet registered may do so before it is too late. Today and tomorrow are the last days that a person may register before election day. The Pennsylvania election law provides that they shall sit two days immediately preceding the time for returning the list to the county commissioners.

### ST. JEROME'S EUCHRES ARE PROVING POPULAR

The Thursday night euchres at St. Jerome's Lyceum have become popular. The series for September will begin Thursday evening at 8:30 o'clock. Mrs. Henry Wagner and Miss Anna M. Sullivan assisted by Albert Brown will be in charge. Favors are given at each euchre and a special favor will be given at the last euchre each month for the highest score. Persons not desiring to play euchre may play pool, billiards or bowl.

### BEAVER COUNTY FAIR ARRANGEMENTS COMPLETE

Secretary M. J. Patterson and the directors of the Beaver County Agricultural association have perfected almost every arrangement for the big fair to be held in Junction Park, New Brighton, September 16 to 19. The half mile track is in splendid shape and is declared by horsemen to be the best track of its kind in Pennsylvania. New buildings have been erected and with those already in the beautiful park provided shelter and comfort for the largest possible crowds.

### WASHINGTON PARTY COMMITTEE IS CHOSEN

Monday the county executive committee of the Washington party was announced. The members from Charleroi are: Dr. H. P. Repman, and Samuel Pardoe. George W. Yohe, of Felowfield, is also a member.

### BOROUGH COUNCIL WILL MEET TONIGHT

The Charleroi borough council will meet tonight. Some of the proposed ordinances will come up for the final reading and passage tonight. The regular monthly reports and bills will be received.

### Monongahela Woman Dies.

Mrs. Margaret Ann Ritchie Louth, 48 years of age, died suddenly at the home of Mrs. W. E. Ward, in Masontown, at 12:30 Sunday morning. She was the only daughter of Mr. and Mrs. Henry Louth, of Monongahela. She is survived by her husband, John Louth, one daughter, Henrietta, and her parents.

### Marriage Licenses Granted.

Marriage licenses were granted Saturday to Toni Spalla of Monessen and Miss Bessie Arrigo of Charleroi, and to Nat R. Wycoff and Miss Marie C. Carroll of Charleroi.

## WORDS THAT REALLY SPEAK ST. LOUIS TO PLAY PIRATES

Many Expressions in the Language That Seem to Convey Instantaneous Meaning.

Bang—"a sudden noise like that from a gun" is the definition given by the dictionary. But the explanation is baffling and futile, for a "bang" is—well, what better describes it than the simple word itself?

So many of our most expressive words seem similarly to have sprung from a desire to form with the lips a sound mimicking the thing described. Why waste words on a definition of the word "splash," for example? You hear all the abrupt, restless heaving of the waters in that one word.

And does even a baby need to be told what "buzz" means when a blue bottle is leading a forlorn hope against the pantry window?

"Tinkle," "whistle," "whine," "gurgle," "cackle," "icy"—these are only a few of our other eloquently descriptive words.

It is also extremely interesting to note the sharp distinction drawn between the words of opposite meaning so as to emphasize their difference in sound—thus, "brisk, lazy" (or "sluggish"); "hot, icy"; "down, up"; "joy, miserable," and so on.

### EXERCISE IN THE FRESH AIR

No Doctor's Prescription So Valuable as This Simple and Pleasant Occupation.

When health is the great desideratum one should not hesitate to make almost any sacrifice to obtain it. This was well illustrated by the man who recently double-crossed the continent in 322 days. At the time of his leaving on this journey afoot he was threatened with consumption. He realized that fresh air, exercise and sunshine formed the perfect trinity that spells health. He started on that long tramp expecting health as the result. Did he get it? Sure. One gets what he expects—not merely what he hopes for; not merely what he desires, but he must expect to get that for which he hopes and desires; then lay hold of the means, as did this man, whereby the object may be obtained and then retained. He is, as the result of his effort, in the "pink of condition." He weighed 104 pounds at the start, 140 pounds at the finish—and placed a good round thousand to his credit. Best of all, he walked away from disease. Go, thou, and do likewise.

### Women Multiply Their Trouble.

The popularity of bridge has swept all records so far this season. Any prominent society dame gets an average of, say, one invitation per afternoon. This she could manage beautifully were the invitations for successive dates. But suppose they bunch themselves so that she gets a half dozen for the same afternoon? Society, through necessity, has evolved a novel plan to meet this. It is the substitute. By the operation of this plan, the much-rushed society woman is enabled to enjoy her afternoon of bridge at the house she chooses, secure in the knowledge that she is being represented by her proxies in five other homes. Bridge for bridge's sake has resulted, for the invasion of the proxy has done away with the social aspect to a marked degree. But the proxy player has come to stay, as she is a necessity in the strenuous life of the social swim.

### Tragedy in Women's Hats.

There is a tragedy in every woman's hat. It seems almost as cruel to pay girls who make the dainty flowers in France a pittance as to kill the birds of brilliant plumage in Brazil. Thirty cents a day, 20 and 15, with an occasional 75 for rare skill in making roses, deducting for loss of time and slack work, tells the story of wretchedness and woe. Summed up the average is not far from \$60 a year on which to support existence. American lovers of French millinery will be amazed at the wages paid young women in France gifted with deft fingers and rare taste, especially when they take the prices charged for Parisian hats into consideration.

### Sickness Caused by Wireless.

Wireless operators, particularly on shipboard, are subject to an anemic condition that manifests itself in pallor, loss of appetite and headaches. Blood tests show a diminished number of red corpuscles.

It has been customary to charge this to the poor quarters many of the wireless operators occupy. But it now seems that the presence of too much ozone in the confined air and the presence of electric currents of high frequency exercise a bad effect that as yet is poorly defined.

The same condition has been observed among the electricians at great power stations like that at Niagara.

### He Wanted Better Odds.

The first time Bill, the farm hand, ever complained of feeling sick his boss sent him to town with the address of a doctor he knew. Bill came back next day and reported:

"Well, I took my medicine, out no from that doctor you sent me to—no, sirree!"

"Why not? Couldn't you find him?" "Oh, I found his place, all right, with his name on a brass plate on the door. But underneath the name it said '10 to 1.' I wa'n't goin' to take no such risks as that. There was another doctor next door, and his sign read '8 to 5.' The odds was so much better that I went to him."

ing it would not be surprising if Miller Huggins and his crew would beat the others to the tape for the 1914 pennant. Johnny McGraw at least looks upon the St. Louis club as his strongest rival and has several times stated that he feared the Hugginites more than any other team in the league. Like Boston, the Cardinals, since they have become flag contenders, are proving one of the strongest drawing cards in baseball, the attendance at Forbes Field last Saturday to watch the Braves perform running close to 20,000 people, and as the Pirates still feel they have a chance to make first place, pointing out the fact they are closer to the top than Boston was a month ago, there should be quite a bit of fur flying when the Cardinals and Pirates loop up on Labor Day.

## STABLE AND HEN COOP ARE BURNED

Between 11:30 and 12 o'clock Monday night the fire department was called to extinguish a small blaze in a stable in the hollow between Crest avenue and Lookout avenue below Twelfth street.

The fire, which was of unknown origin was quickly placed under control. The stable and a chicken coop were almost totally destroyed. They belonged to a foreigner. The loss is estimated at \$100.

## GREEN "BELLBOY" IN HOTEL

Unwelcome Caller Who Awakened Guest Turned Out to Be a Recent Importation.

A little after 10 o'clock yesterday morning a guest in a second floor room at the Waldorf-Astoria was awakened from the best part of his second sleep by a voice which said pleasantly:

"Bon jour, monsieur, il fait beau, n'est pas?"

The sleepy guest waved an admonishing hand from the tangle of bed clothes:

"Go 'way," he said, "too early. Go 'way."

The response was a burst of shrill laughter, but the expostulations of the annoyed guest were cut short by the discovery that he was addressing a very polite green parrot. So he got up, closed the window and reported his capture to the desk.

"Thank goodness you got one," said Assistant Manager Stewart. "Wish you'd catch the other. We've been hunting parrots all over the place."

The second bird was found in the lower and returned with his mate to Donald Patterson, the ten-year-old son of Mr. and Mrs. W. D. Patterson of San Francisco. The parrots were bought in Paris for Donald and they took advantage of an open window to see something of New York. Perhaps they didn't approve for they flew right back again, but not through the window from which they came, and began an exploration of the hotel—New York Sun.

### Titanic Widows' Money.

Arising out of the loss of the Titanic, several applications under the workmen's compensation act were heard at Southampton (England) county court. It was stated that in three cases the widows of members of the Titanic's crew had married again.

In one case Judge Gye said: "She can have the money, but I shall communicate with the treasury. It seems to me unfair that the children should be deprived of all the compensation when the widow uses it for the purpose of getting married again. Compensation was paid for the express reason that she was dependent on her husband. She is not now."—From the London Mail.

### Monkeys and Gum.

In tropical countries the natives have many unique ways of catching monkeys. One of them as explained by a traveler is this:

The hunters walk about in short boots in sight of the monkeys. Then they take the boots off, place some gum in the bottoms and leave them on the ground, withdrawing to a great distance themselves. Presently the monkeys come down from the trees, try on the boots and when the hunters come after them the boots stick to them and they are unable to climb. Thus the imitative little monkeys are captured.

### DONORA TRIO ARE PAROLED BY COURT

In a parole granted by the court, Mon-Mellvaine and Judge Irwin concurring, the severest conditions are imposed that have been imposed in a parole ever granted by the court. The defendants are Earl Brooks, aged 33 years, Steve Mesher, aged 26 years, both married and James Yardley, aged 22 years single. They were indicted for robbing two Donora stores. Violations of any of the conditions of their parole within two years will result in imprisonment in the penitentiary for not less than two or more than four years. They must each pay the costs and return the goods taken.

### PARTY FOR MISS DeHOSE AT HOME OF HER SISTER

Miss Blanche DeHose of Charleroi was tendered a surprise party in honor of her 20th birthday at the home of her sister, Mrs. George Byers in Courtney on Saturday. People were present from Charleroi, Monongahela and Monessen. An orchestra of six pieces rendered music. A number of presents were given Miss DeHose.

## MARRIED TODAY AT BELLE VERNON

L. N. Wakefield of Belle Vernon, who is the president and manager of the Charleroi Iron works, and Miss Anna Gilkey of Wellsburg, W. Va., were married this morning at Belle Vernon. The ceremony was performed by Rev. R. N. Large, pastor of the Free Methodist church of Belle Vernon at his home. Only a few immediate friends were present to witness the ceremony. Mr. and Mrs. Wakefield left on a trip to Niagara Falls and Canada, after which they expect to return to their friends at a residence recently purchased on Spear street, Belle Vernon.

The bride is well known in her home town of Wellsburg. She has a large circle of friends there and has been active in church and Sunday school work. Her husband is prominent in business circles of Charleroi and Belle Vernon.

## RAILROAD GETS M'KEAN SIDEWALK WORK UNDER WAY

Work has been begun by the Pennsylvania Railroad company on the Sidewalk along their property on McKean avenue between Fourth street and the east entrance to the passenger station, near Fifth street.

The curb is being reset, preparatory to putting in the pavement. This will be quite an improvement to the railroad company's property and to McKean avenue.

## TELLS OF TRIP

(Continued from first page)

the members of the Flick party. "If ever I get back into the good old U. S. A. there'll I stay." He got through somehow to London where he again came in contact with the members of the party.

The trip over the English channel from Amsterdam to England was fraught with nerve-racking experiences. There was a common report that the sea was filled with mines. Boats tumbled but slowly. Arriving in London, the party of tourists heard the most dreadful tales of experiences of those in Paris. London people were greatly excited. One man went crazy and observed by the Flick party, started on a wild run, yelling at the top of his voice, "Peace! Peace!"

"Sufragets are worse than war," exclaimed Miss Scott in describing her London experiences. "They—the militants—are in sympathy with the war and are not active at the present time. Still Tate Museum, where they had wreaked vengeance on conditions by viciously clashing pictures, together with the National Museum were closed. We finally secured permits to visit there."

From London little difficulty was experienced in getting passage home. Miss Scott and the other members of the Flick party arrived on the steamship Columbia, a British vessel. It had to navigate the Atlantic carefully because of the reported presence of German crafts. At night excepting three nights, it steamed ahead in darkness.

It was necessary for the party to forego their planned visit to Paris on account of the war. In Italy, in Switzerland and other points visited previous to the war, the program of travel was carried out by the Syracuse University party as originally planned and was immensely enjoyed.

One thing especially noticeable, stated Miss Scott, was the general prevailing good opinion people there have of Americans. Royal treatment was extended to the party in Berlin and other points. Food was usually available and conditions for travelers were better than would have been expected. The most pathetic scenes were observed in Holland, according to Miss Scott. Troops were being mobilized there. Leave taking was particularly pathetic.

Miss Scott, who is a teacher in the Charleroi High school, took up her school duties this morning.

## PARISIANS

Continued from page 1.

rule and the employees had been sworn in as soldiers.

"One of the most disagreeable things," said Miss Mountsier "was waiting in line for every want. If people wanted money they had to wait in line. If they wanted tickets they had to wait in line. Immediately upon the declaration of war a proclamation was issued that no foreigners be permitted to remain in the city without a permit. There were several Germans there at the time and they were removed to a point a short ways from Paris to be made virtually prisoners of war. To foreigners the French were particularly generous in their treatment. Their generous, courageous spirit was admirable."

In getting away from France after the war had started people suffered considerably. They could ride to the frontier on one train. There they would be compelled to alight and cross the frontier as they might, and get another train as they might. Much difficulty was experienced by scores of travelers in getting to England, according to Miss Mountsier, but one of the chief annoyances was the interminable waiting in line for tickets.

Miss Mountsier had friends in Paris. She secured through them a permit to remain there a few days she wished, and experienced comparatively little trouble in getting to her point of embarkation.
